

Terri Hall,  
*17,000 credit card debt was cancelled, Jenks OK*

Since the conference I have been faithfully using the Framing Your World book for my confessions. I was all ears when he taught about breaking the spirit of mammon over his life. I had a \$17,000 dollar credit card bill from when I had moved to Tulsa that just kept getting out of hand. I lost my job for 6 months and could not pay it. I prayed to the Lord for guidance and thought I would have to file bankruptcy on my bills. But I could not be led in that direction because my heart did not feel right about it. After praying and confession your scripture the credit card company called and honestly practically begged me to settle for 20% of my debt. It also will not show as a collection on my credit rating. What a miracle! Now I can go do great exploits for Jesus. He is also cleaning me from greed and the lusts of other things so I don't get into this kind of bondage again.

I appreciate you so much.
